Profile

Data Scientist with experience delivering AI-driven solutions for banking and healthcare clients. Skilled in structured problem-solving, stakeholder engagement, and translating technical outputs into business recommendations. Seeking to apply analytical and client-facing capabilities in a consulting environment.

Experience

Kyndryl Malaysia Sdn. Bhd. Jun. 2025 – Present
Associate, Data Scientist Kuala Lumpur, MY

Engagement: AI-powered loan application processing — local Malaysian bank

- Participated in scoping an AI email processing solution that automates extraction, classification, and cross-validation of customer details from loan documents using Azure Document Intelligence, Logic Apps, and Functions
- Contributed to building a cross-validation engine flagging mismatches (name, NRIC, income) across document types with confidence scores, generating **audit-ready reports** for loan officer review

Engagement: AI-powered clinical report automation — regional healthcare client

- Assisted in developing the **report verification module** of an AI platform that automates variant database creation and clinical report generation, with human-in-the-loop flags for expert review
- Contributed to delivering client-specific customised reports with tier validation and mutation detection logic, helping achieve **~90% cost reduction** vs. traditional interpreter tool subscriptions

Universiti Malaya × SkyWorld Development Berhad Apr. 2024 – Mar. 2025
Chatbot Developer (Final-Year Project) Kuala Lumpur, MY

- Conducted stakeholder requirement analysis to define multilingual chatbot objectives and a sentiment reporting framework aligned with the client's business classification structures
- Designed modular system architecture enabling scalable multilingual response generation, a key deliverable for the client's customer engagement strategy

Setel Ventures Sdn. Bhd. (PETRONAS subsidiary) Aug. 2023 – Feb. 2024
Intern, IT Operations Kuala Lumpur, MY

- Coordinated incident resolution across cybersecurity, infrastructure, and application teams; supported IT audit sessions with structured compliance documentation

Education

Universiti Malaya Oct. 2021 – Mar. 2025
Bachelor of Computer Science (Artificial Intelligence) Kuala Lumpur, MY

- **CGPA: 3.50/4.00** — Dean's List (Semester 6 & 7) — UM Representative, MY AI Nexus 2024

Centre for Foundation in Science, Universiti Malaya Jul. 2020 – Apr. 2021
Foundation in Physical Sciences Kuala Lumpur, MY

- **CGPA: 3.63/4.00**

MRSM Pengakalan Hulu Feb. 2018 – Nov. 2019
Sijil Pelajaran Malaysia (SPM) Result: 2A+ 4A 3A-

Projects

Contract Risk Analyzer | *AI Factory Accelerator* Nov. 2025

- Built a contract analysis tool using FastAPI, Azure Document Intelligence, and spaCy to extract, classify, and flag risk clauses from legal documents

Career Coach Chatbot | *Universiti Malaya × UM Career Centre* Mar. 2024 – Jul. 2024

- Developed a chatbot for interview preparation and resume analysis in collaboration with UM's Graduate Employability and Career Centre, using OpenAI and SpaCy NER
